

Treatment Offer from Trianglen and European Sperm Bank

For patients undergoing insemination treatment with donor sperm

If you are undergoing insemination treatment at Trianglen Fertility Clinic, European Sperm Bank offers you a tailored donor package.

You select a sperm donor, a corresponding pregnancy slot (the right to use the donor) and purchase two IUI MOT 20 straws for your treatment. We reserve an additional straw from the same donor for you, which we will provide free of charge if your first two inseminations do not result in a pregnancy for your first child.

YOUR BENEFITS:

SECURITY:

- If you do not become pregnant within two insemination attempts, you can use sperm from the same donor for an additional treatment without having to pay for the extra straw.

EASE OF HANDLING:

- Any straws not sent to Trianglen prior to the first insemination day will be stored free of charge in our sperm depot at European Sperm Bank for up to one year after purchase.
- All straws will be kept in your depot at European Sperm Bank, from where you can order free shipping to Trianglen.

SAFETY:

- If you become pregnant on your first attempt, you may choose to store the extra straw you have purchased and paid for in our depot or sell it back to us. Please see our general terms and conditions for buy-back on our website.
- If you become pregnant without using the third straw that we reserved for you, that straw will still be available for sibling treatment – although it will be subject to a fee.

HOW DO YOU ORDER?

1. Create a free account at www.europeanspermbank.com.
2. Select Trianglen as your clinic on "My Page".
3. Choose your donor and ensure that there are at least three MOT 20 straws available from that donor.
4. Email info@europeanspermbank.com with your donor request, including "Tri referral" in the subject line, and we will process the order for you so that you only pay for two straws.
5. You will receive a sperm depot valid for 12 months.

This means that European Sperm Bank handles the order for you, ensuring that you only pay for two straws while receiving the sperm depot free of charge. If you have any questions, please do not hesitate to contact us via email, telephone, or our chat service.
